

WHO WE ARE

Over sixteen years, NSFI's work across livelihoods, gender, climate, and entrepreneurship has grown in scale and complexity. Along this journey, it became important to articulate not just what we do, but how we work.

While the legal entity remains NSFI, **Act Impact** is the brand that captures this evolution. It reflects our commitment to translating intent into action and action into impact that lasts.

ActImpact

DRIVING CHANGE, DELIVERING IMPACT

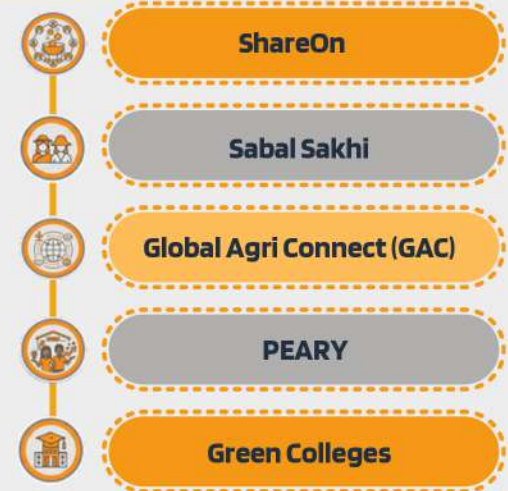

Act Impact brings together NSFI's programmes under a shared identity that reflects how change actually happens: through grounded action, long-term partnerships, and learning-led implementation.
